Charles Palliser

The Quincunx is the epic first novel of Charles Palliser. It takes the form of a Dickensian mystery set in early 19th century England, but Palliser has added the modern attributes of an ambiguous plot and unreliable narrators. Many of the puzzles that are apparently solved in the story have an alternative solution in the subtext.

book. He's so close to Dickens himself in terms of characterization, plotting, and execution, it's remarkable. This book reads like a melange of Bleak House and David Copperfield, with plotting so tight and a story so gripping that the five times I've read this book I did NOTHING else for the last few hundred pages.

century forms--Dickens's Bleak House is its most obvious antecedent--but its graceful writing and unerring sense of timing revivifies a kind of novel once avidly read and surely now to be again in demand.

The Quincunx on Apple Books

About The Quincunx An extraordinary modern novel in the Victorian tradition, Charles Palliser has created something extraordinary—a plot within a plot within a plot of family secrets, mysterious clues, low-born birth, high-reaching immorality, and, always, always the fog-enshrouded, enigmatic character of 19th century—London itself.

Charles Palliser - Wikipedia

With a huge, colourful cast of characters, *The Quincunx* by British author Charles Palliser is, like Edward Rutherfurd's *London*, the kind of book that comes along all too rarely--a book wherein one loses all sense of the present as one is transported back through history to another time and place.

Charles Palliser - The Greatest Literature of All Time
The Quincunx is 'kind of Dickensian' in the same way that the Taj Mahal is kind of a nifty tomb. Even the name of its central character, John Huffam, is lifted from Palliser's great inspirer, Charles John Huffam Dickens, but so to describe The Quincunx is almost to belittle it.
